HOW TO USE SCORETOOL

Tap a guide to open it. Guides follow light or dark mode and print on white paper.

GUIDE 1 OF 10

Getting started

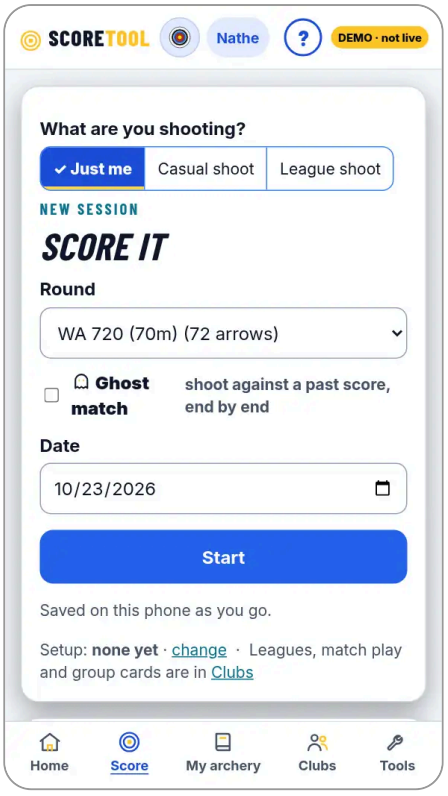

1. Open the link Nathe sent you. It has your name in it.
2. The tabs along the bottom are **Home**, **Score**, **My archery**, **Clubs** and **Tools**.
3. Your name at the top opens **Me**: profile, coaches and parents, settings and help.
4. Every inner screen has a **Back** button at the top left.
5. Your scores are saved on this phone. The app works offline.

GUIDE 2 OF 10

Score a round

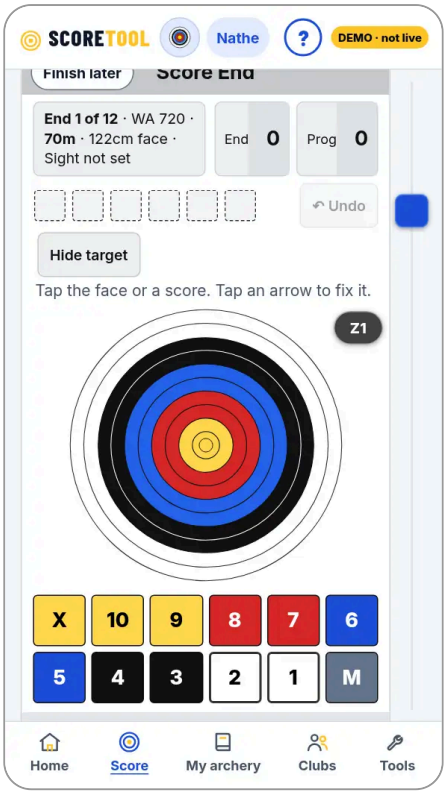

1. Tap **Score**, then **Just me**.
2. Pick your round. The list shows how many arrows each round has.
3. Tick **Ghost match** to shoot against a past score, end by end.
4. Tap **Start**.

GUIDE 3 OF 10

Plot your arrows

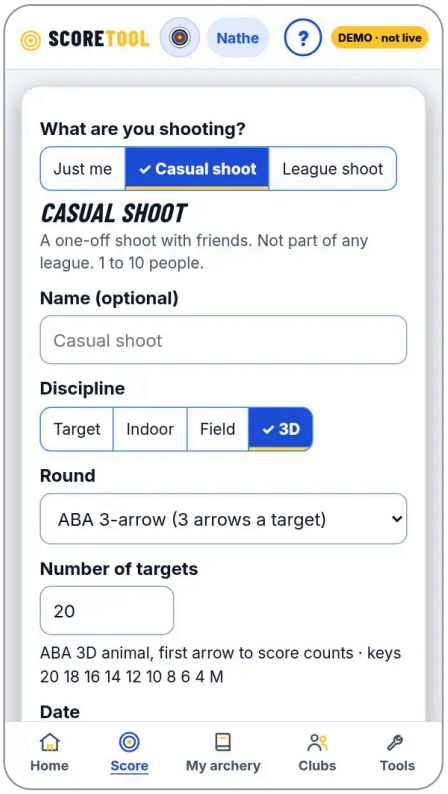

1. Tap the target where each arrow landed, or tap a score key.
2. Tap the small **Z1** button to zoom, **Z2** for more, then **Reset**. Pinch works too.
3. Tap an arrow to fix it. **Undo** takes back the last one.
4. **Finish later** keeps the round. Carry on from Score or Home.
5. Check each end total, then finish the round to save it.

GUIDE 4 OF 10

Casual shoot and 3D

1. Tap **Score**, then **Casual shoot**.
2. Pick the discipline: Target, Indoor, Field or **3D**.
3. For 3D, pick ABA, IBO or ASA scoring and how many targets.
4. Add 1 to 10 people. Linked archers score on their own phone.
5. Match play is optional, at the start or after the shoot.

GUIDE 5 OF 10

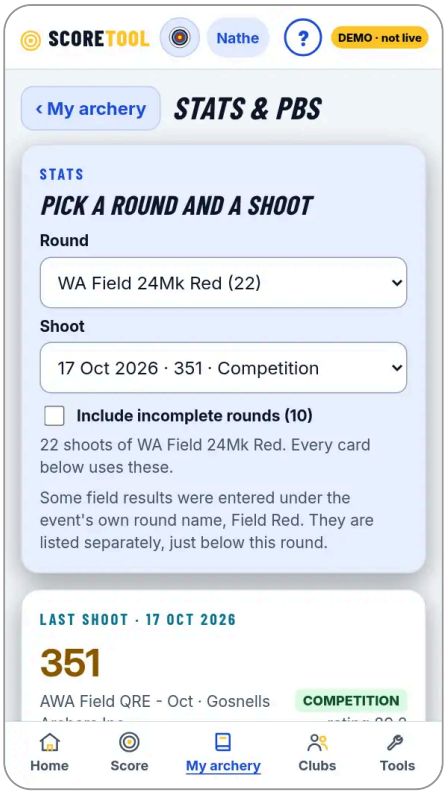

Past sessions, photos and Archery Calendar

1. Past sessions are on the **Score** screen, under Just me.
2. An unfinished round shows **Incomplete** and how far it got, like 6 of 12 ends.
3. After you finish, tap **Add a photo** if you like, or **Skip**. Change or remove it later in Past sessions.
4. Linked to Archery Calendar? Finished rounds show in your My events. Older rounds have a **Send** button: pick the event, or **None of these**.

GUIDE 6 OF 10

Stats and analysis

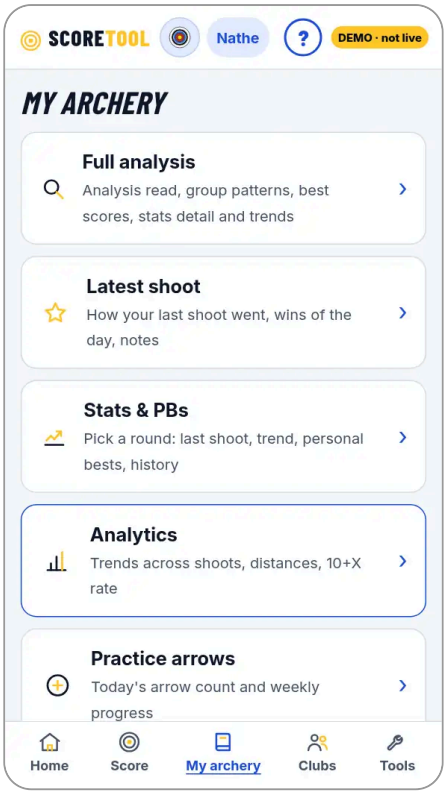

1. Tap **My archery**, then **Stats & PBs**.
2. Pick a round to see your last shoot, trend and personal bests.
3. Tap **More detail** for the full picture.
4. **Full analysis** has end by end and half split for the shoot you picked.

GUIDE 7 OF 10

Diary, setups and bows

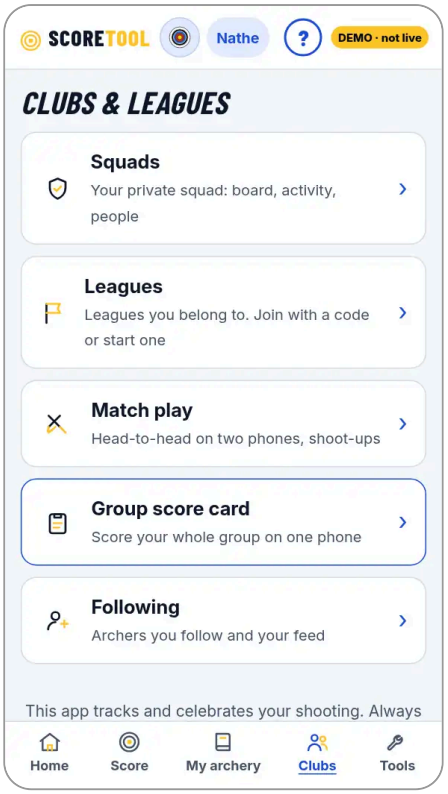

1. **My archery** holds your Diary, Practice arrows, Setups & sight marks and My bows.
2. **Practice arrows** counts today's arrows toward your daily goal.
3. **Sight marks**: pick the bow setup, then the **Arrow set**. Each set of arrows has its own marks for that bow. **+ New arrow set** adds one; your marks from before are under **Arrows 1**.
4. **My bows** adds make, model and specs from the maker's own page.
5. Rankings & classification and Season, badges & recap are here too.

GUIDE 8 OF 10

Clubs and leagues

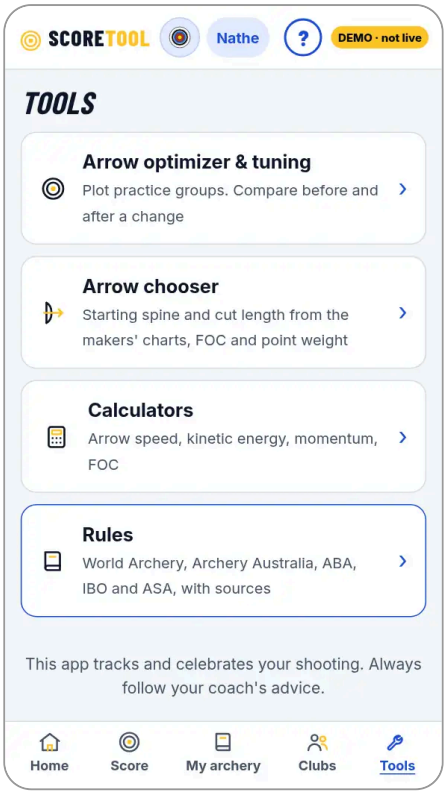

1. **Squads**: join with a code and cheer your squad.
2. **Leagues**: join with a code or start one.
3. **Match play**: head-to-head on two phones, and shoot-ups.
4. **Group score card**: score your whole group on one phone.
5. **Following**: archers you follow and their feed.

GUIDE 9 OF 10

Tools

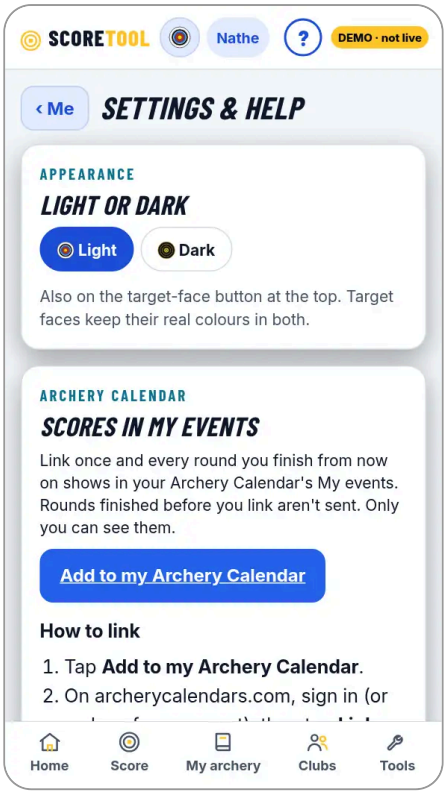

1. **Arrow optimizer & tuning**: plot groups before and after a change.
2. **Arrow chooser**: fill in from the top down (bow, draw weight, draw length, speed rating, what it's for, arrow length, point weight). The result is at the bottom: a starting spine and cut length from the makers' charts, with the working shown.
3. **What it's for**: Indoor lists fat shafts only (like SuperDrive 23 and X23), Target and Field list thin outdoor shafts, and Hunting uses Easton's hunting chart.
4. **Calculators**: arrow speed, kinetic energy, momentum, FOC.
5. **Rules**: World Archery, Archery Australia, ABA, IBO and ASA.

GUIDE 10 OF 10

Settings, light or dark, and help

1. Tap your name at the top, then **Settings & help**.
2. Pick **Light** or **Dark**. The target-face button at the top switches too.
3. **Add to my Archery Calendar** links your scores to your My events.
4. A tick turns on colour-blind safe colours.
5. **What's new** lists each update. **Send a suggestion** goes straight to Nathe.

This app tracks and celebrates your shooting. Always follow your coach's advice.
